To the Honorable Senator Hatch:

I have moved this folder from its private setting:

<http://securemecca.com/US-Reps-Sens/>

to this public setting:

<http://www.securemecca.com/public/US-Reps-Sens/>

The file that is most important is this one:

<http://www.securemecca.com/public/US-Reps-Sens/TEA-PARTY.txt>

Somebody is still in the wrong in writing and you and pretending to be me. Here again are the computer address of my computers:

WAN IPv4: 71.195.210.208 / 255.255.252.0

WAN IPv6: 2001:558:6008:39:45c:49e3:8bfb:390 / fe80::201:5cff:fe62:4a46

Sauron IPv6 (1): 2601:7:7c80:134:21f:bfff:fe03:df5f/64

Sauron IPv6 (2): fd48:68a0:eb48:0:21f:bfff:fe03:df5f/64

GandalfTW IPv6 (1): 2601:7:7c80:134:4261:86ff:fe87:5cd9/64

GandalfTW IPv6 (2): fd48:68a0:eb48:0:21f:bfff:fe03:df5f/64

I have been more than patient on this issue. I expect something other than what would make a Tea Party member happy. I am pretty sure your IT personnel can dig back in the records and find out who sent the message pretending to be me. So please look into this matter as soon as possible.

You also need to pass laws making it illegal for somebody to pretend to be somebody else in mailing government officials. If you don't do it I will contact a Democrat since I am unaffiliated and being harassed right now over this issue.

Sincerely

David A Harvey
